GUIDELINES FOR NARRATIVE COMMENTS ON APPLICANTS

The following has been suggested by admissions committee members as the kind of information they would like to have included in narrative comments on each applicant. Please compare this applicant primarily with applicants from this institution. We expect you to comment only on those areas of which you have personal knowledge, recognizing that your knowledge may not extend to all areas indicated below.

1. **Personal attributes:** Please emphasize assets and liabilities, particularly those qualities which would indicate special promise or potential problems for professional education or practice. Description of the applicant's actions in particular situations would help to clarify your appraisal.
2. **Academic achievement:** Since transcripts are available, comments should amplify, not reiterate, the information on the applicant's academic record, including the following.
 - A. Academic achievement relative to others.
 - B. Consistency of performance.
 - C. Extenuating circumstances which might account for atypical grade(s) or course load(s).
 - D. Degree of strenuousness of class(es), e.g., honor section(s), senior seminar(s), etc.
 - E. Unusual academic undertakings, independent or foreign study, College Scholars program, special research or writings, etc.
3. **Employment, extracurricular or avocational activities:** Since these are included on the application, mention them only if you can elaborate meaningfully on them. Any activities which indicate motivation for the profession or concern for others are of special interest. If involvement was extensive, what was the effect on academic achievement?
4. **Honors received, academic or nonacademic:** Specify the competition or degree of selectivity of such awards, e.g., how many were awarded and in what student population?
